

## Hidden Treasure!

Use the clues to find the treasure!

Remember that you are after the square that each treasure chest is buried in.

You will need the treasure map, a ruler and compasses.

<b>Clue 1 - part i</b> The first treasure chest is due north from Pythagoras Peak	<b>Clue 1 - part ii</b> The first treasure chest is due west from the tree on Eight Hill Coconuts
<b>Clue 2 - part i</b> The second treasure chest is less than 2 cm on the map from the tree at Double Palm Rise and is on the coast	<b>Clue 2 - part ii</b> The second treasure chest is closer to the Yellow Creek River mouth than the Double Palm Tree Rise tree
<b>Clue 3 - part i</b> The third treasure chest is buried equidistant from the two groups of trees on Four Palms Beach	<b>Clue 3 - part ii</b> The third treasure chest is buried equidistant from the two trees on Three Bone Island
<b>Clue 4 - part i</b> The fourth treasure chest is along the angle bisector between a line from the tree on Glutton Rock and the Lone Leaning Tree and a line from the Lone Leaning Tree and the tree on Eight Hill Coconuts	<b>Clue 4 - part ii</b> The fourth treasure chest is along the angle bisector between a line from the tree on Glutton Rock and the Lone Leaning Tree and a line from the tree on Glutton Rock and the Eastern tree on Three Bone Island
<b>Clue 5 - part i</b> The fifth treasure chest is equal distance from Pythagoras Peak and the Lone Leaning Tree.	<b>Clue 5 - part ii</b> The fifth treasure is on the beach of Dead Man's Bay

Where would you bury a treasure chest? Write two clues to identify the square.
